TO WHOM IT MAY CONCERN:

This is a letter of recommendation for Jeff Marton. I have known Mr. Marton for about four years as the owner of Coyote School Furnishing who approached the Continental Elementary School District about furnishings for our new construction project. We worked with Mr. Marton to furnish all our new classrooms, purchase desks and chairs for our remodeled middle school and select furnishing for our new administrative building that includes two conference rooms, library, board room, nurses office and many administrative areas.

Mr. Marton is very hands on with every phase of a project, he is detailed oriented, a good planner and he came out as many times as needed to work with us as we became ready to order for a new building. Like most public schools, our resources for replacing furniture were limited. Jeff was a master at matching furniture to mill work, blending the old with the new, and giving us many choices from which to chose. His pricing was competitive with a high quality product.

Mr. Marton was the sole supplier for our project. He helped us design a state of the art library and a board room that is used as a community room for many purposes. Mr. Marton is a good problem solver and will work within a designated budget. He will help look for bargains like desks that are being phased out to save funds.

Mr. Marton stands behind his work and works to satisfy his customers. I highly recommend working with Jeff Marton. Continental is very pleased with our furnishing and invite anyone to come by and see our new campus. It is absolutely beautiful and wonderfully furnished.

Sincerely,

A handwritten signature in blue ink, appearing to read "Virginia W. Juettner".

Virginia W. Juettner, PhD
Superintendent
